Aarav Mehta

Frontend Engineer | Bengaluru, India

aarav.candidate@hirepilot.example

PROFILE

Frontend engineer focused on accessible dashboards, reusable components and reliable forms.

SKILLS

React, TypeScript, JavaScript, HTML, CSS, Accessibility, Testing Library

EXPERIENCE

Frontend Engineer | Northstar Studio (fictional) | Jul 2023 - Present

Built responsive dashboards with React and TypeScript, including filtering, pagination and saved preferences.

Created accessible form components with keyboard navigation and clear validation feedback.

Added component and integration tests for navigation, authentication and data-fetching states.

PROJECT

Frontend Engineer portfolio project

Built a sample service-workflow application, documented design decisions, and tested the core user journeys.

EDUCATION

Bachelor's degree | Example Institute of Technology (fictional)

DEMO PROFILE

Fictional candidate and work history created for HirePilot product testing. Not a real person's resume.
